**HOTEL HIKING HOLIDAYS**

There are lots of great hiking locations where there is no hut system, or where the best walks don't require a hut nights. Trekking in the Alps offers hotel based holidays in many of these places including

Mallorca

Corsica

Provence

Annecy Lake

It's also nice sometimes to stay in a hotel even if one or two nights are spent in mountain huts so Hotel Holidays are also offered in alpine areas and in the Dolomites and Pyrenees. Just because the accommodation is a little more luxurious doesn't mean the walks won't be challenging and these holidays are offered at all grades.
